TWENTY-SEVENTH YEAR No. 188. SALEM, OHIO WEDNESDAY, AUGUST 11, 1915. TWO CENTS

SPLENDED LECTURES, EXCELLENT MUSIC AT CHAUTAUQUA OPENING

Rufus Emerson King, Dr. George La Monte Cole, University Players Please on First Day of Chautauqua; Many Attend.

Excellent programs both afternoon and evening by the University Players, crack aggregation of young musicians; two lectures on "The Seven Wonders of the Modern World" and "The Almighty Dollar" by Rufus Emerson King, noted journalist and lecturer, and an illustrated lecture of unusual merit on "The Mound Builders' by Dr. George LaMonte Cole, who has given his life to archaeological investigations, were the outstanding features of the first day of Salem's third annual chautauqua Tuesday.

The attendance was good in the afternoon and a great deal better in the evening, and the success of the chautauqua, which will be here until Sunday evening, seems already assured, financially and otherwise. Hours as now arranged are 2:30 and 7:45 p. m. for the regular sessions and 9:45 for the morning chautauqua.

Highly instructive and more than ordinarily entertaining were the lectures of Rufus Emerson King, who in his afternoon address dwelt with much emphasis upon the wonders of the modern world, in the greatest age in history, describing such de-

(Continued on Fifth Page.)

"SILENT COPS" TO SAFEGUARD LOCAL TRAFFIC

"Silent policemen" may be added to the local forces of law and order in this city in the near future in the capacity of traffic men, as Mayor Johnson has heartily approved of the suggestion that traffic post be installed at the most congested street intersections in the business section, and will at once discuss the matter with the service director.

These silent traffic cops consist in the main of a white post erected in the center of the street intersections it is designed to guard, and bearing the words "Keep to the right," to guard against the all too prevalent practice of cutting across corners and so endangering traffic.

It is more than probable that the service director will be encouraged to place such posts at the corner of Main and Broadway, at the the corner of Main and Ellsworth, as all three are recognized as points at which congestion is more or less prevalent and the danger of accidents great.

The need of some suitable warning to turn square corners and respect the rights of the other fellow on the streets at the last named corner was demonstrated in a serious crash of automobiles but a few evenings ago, and but little more remotely a machine and bicycle mixed it up at the corner of Main and Garfield.

Traffic policemen of flesh and blood are hardly a possibility in Salem with the small force available, and the expense, if it were possible, would be considerable, while in other cities where the silent cops have been tried they have been found very satisfactory indeed, when coupled with a warning that disregard of its courteous invitation will result in prosecution for infraction of traffic regulations.

Indians Chase Palefaces When Hiawatha's Upset

Canton, August 11.—Residents of the summer colony at Meyers' lake, near here, were terrified Monday night when a band of Iroquois Indians presenting "Hiawatha" went on the warpath after two white men overturned "Hiawatha's" canoe during an impressive moment in the play.

Jesse Cornplanter, a young brave, playing the title role, was crossing the lake in his canoe, when the white men in a skiff ran into him. He righted his boat and pursued them, but they reached shore ahead of him and escaped into the woods.

Several other Indians joined in the pursuit, while women campers barricaded themselves in their cottages as the warriors, in their war paint, rushed through the woods, brandishing their weapons. The fugitives escaped.

To Camp at Brady's Lake.

A company from this city, composed of Misses Ethelyn, Thelma and Gladys Long, Mary and Nellie Lewis, Louise Saunders, Mary Sweney, Mildred Morlan, Jaunita Litty and Marie Pearce, chaperoned by Mrs. J. P. Morlan, will leave Sunday for Brady's lake, where they will enjoy camp life for two weeks.

KNIGHTS TEMPLAR ENJOY BANQUET AND DEGREE WORK

With guests present from Alliance, Sebring, East Palestine, Rogers, Columbia and Lisbon, Salem Commandery No. 42, Knight Templars, held a special session Tuesday afternoon, beginning at 4 o'clock, when the Temple and Malta degrees were conferred upon a class of six candidates.

At 6:30 a fine banquet was served in the Masonic rooms by the Order of Eastern Star. The remainder of the evening was devoted to continuation of the degree work.

POST IS FINED $18 AND COSTS

When the trial of John W. Post, charged with assault and battery committed upon Jacob Deemer last Friday morning was heard in the court of J. F. Penrose Wednesday forenoon. Post was fined $18 and costs, which was about $7.

The cause of the assault on Deemer, it developed at the trial, was the tendency of a horse belonging to Deemer to keep in the rear of Post's sulky while training at the Salem Driving park the morning the assault was committed. Being unable to keep up with Post's horse, the horse driven by Deemer circled the track in the rear of the former animal, which caused it to plunge and break. For this reason Post, witnesses testified, struck Deemer in the face several times and otherwise mistreated him.

By the rules of the track it is understood to be no offense for one horse to follow another, providing it does not collide with or cut across in front of the other.

FORTY AUTO PARTIES TOUR NORTH-COUNTY DAIRY FARMS

Forty automobiles carrying over 200 persons, members of the Mahoning County Improvement association and their friends, left the Brooks farm on the Salem-Canfield road Tuesday morning on their scheduled tour of Perry and Butler townships, the abode of some of the finest herds of dairy animals in the United States.

The entire day was consumed in visiting this dairying section of the northern half of Columbiana county and inspecting fine herds of Guernsey and Jersey cattle. At the farms of A. G. Cobourn, Albert Warrington and E. H. Campbell the tourists inspected herds of Guernseys, the other farms visited being devoted to Jerseys.

In most instances the farmers explained their work and the benefit

Election Results Reported From Other Cities And Towns

$100,000 Bond Issue Fails.

Sebring, August 11.—The proposed $100,000 bond issue for the purchase of the present waterworks plant, was defeated at the primary election Tuesday by 43 votes.

The contest between H. J. McMaster and A. J. Eden for mayor on the Republican ticket was a close one, McMaster claiming the victory by 13 votes.

Thornton Wins Fight.

Youngstown, August 11.—Carroll Thornton, business man, won the Republican nomination for mayor Tuesday at the primary election in a hot contest. W. W. McDowell ex-chief of police was a close second with Charles E. Truesdale, former county treasurer, third. Thornton polled 2,325 votes, McDowell, 2,121, Truesdale, 1,814. John Hodge 823 and Joseph Wess 142.

Hot Fight in Alliance.

Alliance, August 11.—In one of the hottest primary fights in years, Charles Westover was nominated for mayor on the Republican ticket today, polling a 742 vote against a field of seven. By a peculiar coincidence Westover's vote equaled the total vote of the other seven. Ex-solicitor Brown running second with 321. Mayor Barnum, Democrat, was nominated over Thomas Nicholas, 239 to 173. A 65 per cent vote was polled.

Greenamyer Defeats Weaver.

Leetonia, August 11. The only item of interest in a very quiet primary election here Tuesday was the contest between Carey Greenamyer and H. D. Weaver, former postmaster, for the mayoralty nomination on the Republican ticket. Greenamyer won out by a fair majority, and by virtue of

(Continued on Fourth Page.)

JOHNSON, CARLILE HEAD OLD PARTIES; DEFEAT MILLER AND FOSTER

Solicitor Scott, Treasurer Walker Win Out; Goldy Chosen in First Ward, Filson in Fourth; Councilmen-at-Large are Renominated.

Mayor R. R. Johnson, Republican, ex-Mayor Al Carlile, Democrat, and Robert Read, Socialist, will be the contenders, at the heads of their respective parties, for the coveted Quaker City mayoralty at the November election, by virtue of the elimination of Chal Miller, Republican and W. L. Foster, Democrat, at the primaries Tuesday, the results of which developed united support for present incumbents in office.

Casting the largest primary vote in years, 749, the Republican electors gave eight of the nine precincts to Mayor Johnson by substantial majorities, and so nominated him for a second term by a majority of 129 over Chal Miller, a new contender in the race, who captured 301 votes to Johnson's 430. Precinct B of the Fourth ward voted for Miller, 50 to 48.

The triumph of ex-Mayor Al Carlile over his opponent, W. L. Foster, also a new contestant for mayoralty honors, having withdrawn two years ago after announcing his candidacy, was decisive, the vote standing 180 to 17. The Democratic cohorts, with but two contested places on the ticket, cast a total of 207 ballots at the polls Tuesday, a fairly good percentage of the total city vote.

The popularity of City Solicitor J. E. Scott, Democrat, aspirant for a fourth term, was apparently amply

(Continued on Eighth Page.)

MAYOR R. R. JOHNSON

Who was accorded the Republican nomination for a second term at the primaries Tuesday.

CARRANZA IS NOW DEFIANT

(By Associated Press to News.)

Washington, August 11.—General Carranza today notified Secretary Lansing that "Mexican people view with displeasure" any attempt tending to frustrate the success of Carranza's armed forces. Carranza's message referred to the Pan-American conference and is taken as plainly signifying that he would not agree with its action towards Mexican affairs. Carranza also sent similar notification to representatives of all Latin-American republics participating in the conference. It is regarded as defiance of American efforts at a peaceful settlement.

HOTEL BURNS WITH HEAVY LOSS, OWNERS ACCUSED OF ARSON

Meadville, Pa., August 11.—The Hotel Bone, at Cambridge Springs, was completely destroyed by fire late Tuesday afternoon with much of its contents. Joe and Abe Bone, brothers, were arrested, charged with arson and placed in jail without bail. The father, Max Bone, is said to be missing. The hotel was built fourteen years ago at a cost of $30,000, and was bought by the Bone's about five years ago for $4,500.

The Cambridge Springs National bank pressed a judgment for $5,400 aaginst the property, and Tuesday afternoon the sheriff posted a sale bill on the hotel. At 4:30 o'clock the hotel was dscovered on fire and was totally destroyed. Of about fifty guests in the hotel, many lost most of their personal belongings.

FATHER OF BIGGEST FLAG EMBEZZLER

Canton, August 11.—Arvine E. Lomady, father of the world's largest American flag, which was dedicated here last week, and former candidate for mayor of Canton, was placed in the county jail at noon Tuesday on a charge of embezzlement. The charge against him was made by authorities in Boston, Pa., where he is alleged to have converted about $700 to his own use unlawfully about a year ago.

Detective Frank Vitori, of Pennsylvania, who came here Tuesday to prosecute Lomady, says that Lomady recently was employed by the Cordial Panna company, of Cleveland, manufacturers of cordials, and that he sold cordials to a number of retailers in Pennsylvania. The alleged embezzlement is said to have been committed in connection with the sale of the cordials.

When Lomady refused Tuesday to waive extradition, the Pennsylvania authorities took steps to secure requisition papers from the governor of Pennsylvania ordering his extradition.

FIND NO TRACE OF RUNAWAY BOY

Although the authorities at Akron, Canton, Alliance and other nearby towns have been notified to be on the lookout for Paul Seefried, the Youngstown boy who escaped from the city jail late Monday afternoon, all efforts to locate him have been futile. The authorities here entertained the belief that the boy might return home after his escape here, but the Youngstown authorities stated that the boy had not been at home for two weeks.

LOCAL WEATHER FORECAST.

Prepared by H. W. Weisgerber from observations taken on instruments at the Buckeye Engine Co. office.

Showers tonight and Thursday.

URGE EDUCATION BOARDS TO OPEN SCHOOLS SEPTEMBER 13

Lisbon, August 11.—The county board of education at its meeting recently adopted a resolution earnestly requesting all boards of education of the county offering eight months of school to open on Monday, September 13.

This request was made in order that the district superintendents could work out a uniform plan and thus avoid the great confusion experienced last year on account of the irregular opening of the different schools. If all eight-month schools begin on the same day the teachers and pupils throughout the county will enjoy the same advantages.

The county board is also anxious that arrangements may be made by the different boards of the county to be at the county fair on Children's day, September 15.

GOOD ROADS.

The value of good roads has unquestionably, in this latter day, claimed the earnest attention of the average, everyday citizen throughout the country. The giant strides made in the last few years in road building in township, county, state and nation can be explained largely by the fact that the necessity for an extended and improved system of highways has been impressed upon the popular thought. Automobiles have done much to solidify sentiment, and urban and rural residents are now joining in appreciation of the comforts as well as the material advantage and economic value of good roads.

In this connection it is of interest to note one of the really great conventions of the year, the Pan-American road congress which will be held soon in San Francisco. The interest being manifested in this great gathering from all over the nation is ample evidence of the fact that the United States has become a nation of great road builders.

It will be a gathering essentially different from others in the past, for the stage of missionary work, of education as to the desirability of good roads is past. The value of good roads no longer is questioned and this convention will be concerned rather with types of construction, methods of maintenance, principles of highway financing, values of different materials under varying conditions and studies of various systems of highway administration. The Pan-American road congress may surely be expected to add interest to a great, nation-wide movement for good.

THE CHAUTAUQUA.

For the third time in the history of the Quaker City the chautauqua, that essentially modern and American institution which is bringing to cities and towns and rural communities so much of entertainment and education and inspiration, the "summer lyceum course," as it is popularly known, is here in our midst. Gratifyingly indicative of the popularity of this institution are the large crowds present both afternoon and evening and the goodly crowd of boys and girls at the morning chautauqua, peculiarly their own, and from the character of the talent on the opening day it seems assured that the Lincoln chautauqua of 1915 will at the close of the week have maintained, even raised, the high standard it has achieved here in previous years. At a cost almost ridiculously low, in a manner and under conditions both novel and pleasing, it is ministering entertainingly and well, all over the land, to thousands of persons who find in the annual chautauqua the finest of entertainment. Credit is due particularly to those who in this and previous years have given of their time and effort to bring to Salem an institution so essentially clean and wholesome and productive of good.

The Corrective Bore

(By Walt Mason.)

"Pardon me if I correct you," says the cultured critic-gink, "but I oftentimes detect you putting grammar on the blink. Lindley Murray's rules abusing is, methinks, of crimes the worst, for our language grows confusing when presented hind end first." Often when I tell a story which I think should make a hit, some pale purist, grim and hoary, comes along and throws a fit. "You should certainly be swatted," says he, and his voice is chill, "for in manner most besotted, you're confusing 'shall' and 'will.'" Then the yarn that I was telling seems no longer good to me, and I sneak off to my dwelling, there to hide my misery. There are bores who're always seeking for a chance to set you right, and they butt in when you're speaking with a criminal delight, and they do a lot of yelling when you write, with patient toil, showing that your style of spelling doesn't follow rules of Hoyle. And these bores are always hated with a hatred deep and wide, and the people are elated when the news comes that they've died.

AMERICA REJECTS AUSTRIA'S DEMAND

Washington, August 11.—The United States government Tuesday dispatched to Vienna a reply rejecting the Austro-Hungarian views recently set forth in a note, contending that the great scale on which war munitions are being exported from America to enemies of the Germanic allies "is not in consonance with the definition of neutrality."

The note was cabled to Ambassador Penfield, who probably will present it to the Vienna foreign office Thursday.

The note may be made public later by agreement between the two governments.

Though framed in diplomatic language and entirely friendly in tone, the reply is understood to repudiate flatly the suggestion that the United States has permitted violations of neutrality, and to stand firmly upon the right of American exporters to send war supplies to belligerents able to purchase and receive them.

The United States always has held that this is an unquestioned right under international law and high officials have pointed out that to prevent such shipments to one country because another was not in a position to receive them, would in itself be a violation of neutrality.

Precedents also have been recalled where in previous wars, Germany and Austria imported arms extensively.

ANNOUNCE EXAMS FOR MONTH OF AUGUST

Examinations to be conducted by the state civil service commission during the month of August follow:

Claims examiner, salary $1,000 to $1,500, August 20; matron (colored), salary $50 per month, August 20; comptroller, salary $1,800 to $2,000, August 20; consulting chemist, salary $50 per month, August 20; assistant chemist, salary $90 per month, August 20; matron, for universities and normal schools, salary $40 to $80 per month, and in some cases maintenance, August 23; examiners of steam engineers, salary $1,500 a year, August 24 and 25. The state will be divided into districts and candidates may take the examination at the point most convenient to them. Dairymen, for state institutions, salary $40 to $75 per month with maintenance in some cases, August 24 and 25; deputy game wardens, salary $60 per month, in some cases fees, August 24 and 25; inspector of automatic couplers, salary $1,500, August 25; dredge engineer, salary $1,500 per year, August 25; cranesman, salary $90 per month, August 25; assistant sanitary engineer, salary $1,600 to $1,800 per year, August 26; property or file clerk, salary $100 per month, August 26; statistician, salary $2,100 per year, August 26; engineers, salary $900 to $1,200 per year, August 26; clerks, salary $900 to $1,800 per year, August 27 and 28.

Candidates who desire to take any of these examinations should address the state civil service commission, Columbus, for a copy of the August bulletin, and applications, which will be sent free of charge to all who apply. Full information as regards places of examination, subjects in which applicants will be examined, etc., are given in the bulletin. In all cases application blanks must be on file with the commission at Columbus at least three days before the date of examination.

Youngstown—If negotiations which have been carried on for some time reach the agreement looked for, there is a probability of a new hotel being built at the corner of West Boardman and South Phelps streets, opposite City hall.

PREDICTS PERIOD OF RISING PRICES AT WAR'S CLOSE

Oxford, England, August 11.—"There will be no more cheap prices; after this war the world is in for a period of rising prices," declared Dr. Slater, principal of Ruskin College, Oxford, in the first of a series of lectures on "Economis Phases of the World War."

"I do not believe,' he said, "that there will be a period of poverty after the war. There will be no necessity for poverty, and such poverty as there is will be due to misapplication of the productive powers which will be available. It will be the poverty which comes from wasted resources, and not from inadequate resources.

"There will be no return to pre-war prices. That means that there will be a permanent readjustment of our methods. There will have to be a permanent rise of wages and other permanent readjustments to meet the higher prices. The proper policy for the trade unions is to accept the war bonuses, not for the duration of the war, but for the duration of the higher prices."

Recommends Chamberlain's Colic, Cholera and Diarrhoea Remedy.

"I never hesitate to recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Sol Williams, merchant, Jesse, Tenn. "I sell more of it than of any other preparations of like character. I have used it myself and found it gave me more relief than anything else I have ever tried for the same purpose." For sale by all dealers.

Canton—Supreme Officers of the Home Guards of America, headed by Dr. G. J. Eblen, of Van Wert, the founder and supreme counselor of the organization, have arrived in the city to attend the thirteenth convention of the supreme home which meets here this week.

Despondency Due to Indigestion.

"About three months ago when I was suffering from indigestion which caused headache and dizzy spells and made me feel tired and despondent, I began taking Chamberlain's Tablets," writes Mrs. Geo. Hon, Macedon, N. Y. "This medicine proved to be the very thing I needed, as one day's treatment relieved me greatly. I used two bottles of Chamberlain's Tablets and they rid me of this trouble." For sale by all dealers.

Warren—A movement is soon to be made in this city to organize a well equipped gymnasium, the need of which has been felt for a long time.

The Clerk Guaranteed It.

"A customer came into my store the other day and said to one of my clerks, 'Have you anything that will cure diarrhoea?' and my clerk went and got him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and said to him, 'If this does not cure you, I will not charge you a cent for it.' So he took it home and came back in a day or two and said he was cured," write J. H. Berry & Co., Salt Creek, Va. For sale by all dealers.

The Best Drug Store

Is the one that best serves its customers. Our constant aim is to give the customer the best possible service, best in quality of goods, best in attention, best in everything that makes the most satisfactory kind of a store. Our steadily increasing patronage is the best evidence that we are succeeding in giving the best drug store service.

SALEM NEWS, 10 CTS. PER WEEK

WILL TAKE MOVIES OF BRITISH LINES

London, August 11.—Under the authority of the War office, arrangements have just been completed for taking a complete moving-picture record of events of the war the British lines, both at the front and along the lines of communication.

The leading film producers and exhibitors, it is announced, have been brought into a co-operative scheme, so that no single firm shall have a monopoly of the pictures. The first photographs will be taken in about a fortnight.

One complete set of the pictures will be retained by the War office for historical records and instruction. This set will eventually be placed in the British museum. The board of education is expected to co-operate in a scheme for the use of the films in the public schools.

OHIO'S CROP OF CANDIDATES GROWS

Columbus, August 10.—A new crop of candidates bloomed in various parts of the state the past week. They were not confined to one party, but each of the old parties had its share.

Nor were they all for any single office, for some are studying the senatorial situation, while others are watching the state house and have visions of people addressing them as governor.

In the Democratic organization there came out this week the story that Col. William W. Durbin, of Kenton, is studying the senatorial situation, and may decide later to get into the race and give Hon. Atlee G. Pomerene a run at the state primary.

Col. Durbin is chairman of the Democratic state central committee, has been long in state politics and is not afraid of a race where the running looks good.

Then Supreme Justice James G. Johnson is thinking of taking a try at the Democratic nomination for governor. He has not reached a decision but he has a number of friends who are considering the advisability of the step with him, and the state will hear from him when he decides.

Over in the Republican political family, it is said that Edwin Jones, of Jackson, chairman of the executive committee that elected Frank B. Willis governor, may get into the state campaign next year for himself, and it is claimed he has his eye on the governorship.

And while Chairman Jones is studying the state house, the rumor comes that Secretary of State Charles Q. Hildebrandt may also be a candidate for governor next year, and not seek a second term in his present office. Hildebrandt contends he is a candidate for a second term, but the rumor makers about the state insist on making him a candidate for governor.

CHEMICAL ANALYSIS OF YOUR WELL WATER FREE

Would you like to have the water of your well or spring analyzed free ot charge? If so, write to Prof. C. W. Foulk, Ohio State university, Columbus, describing the well and any special or peculiar points about the behavior of the water, and you stand a fair chance of getting it analyzed with no more expense to yourself than the cost of sending a jugful to Columbus.

The reason of this apparently generous offer lies in the fact that the geological survey of Ohio is conducting an investigation of the waters of the state from the standpoint of their industrial value. Professor Foulk is in charge of this investigation and all queries about it should be addressed to him.

The assistant chemist of the survey, C. R. DeLong, is visiting the larger manufacturing centers to collect information and samples of water, but with the funds at the disposal of the survey it will be impossible to visit all the towns of the state, to say nothing of rural communities, and accordingly the following is suggested as a plan which will aid greatly in carrying on the investigation and at the same time will be of service to those who send the samples:

Write to Professor Foulk, giving the general nature of the waters of your community or village, as the case may be; that is, say whether the waters are hard or soft, as some wells are hard and others soft? If there are wells of different depths, how do the waters vary with depth? In what kind of rock or soil is the water struck? Does the water change in appearance after being pumped? What is the behavior of the water when used in steam boilers or in other industrial ways?

With the above information at hand it will be possible to determine whether the waters will be of interest to the survey, and a letter will be sent giving directions for taking and sending the samples to Columbus.

Information about waters supposed to have peculiar properties is especially desired. If there is a spring, the water of which magnetizes a knife blade stuck into it, or which has remarkable curative properties, by all means write to the geological survey about it.

SEVERE PIMPLES ALL OVER FACE

Would Burn and Itch. Scratched and Pimples Spread. Disfigured While They Lasted. Used Cuticura Soap and Cuticura Ointment. Face Clear as Anybody's.

Bruning, Neb.—"I had mattery pimples all over my face so thick that you could hardly put the point of a needle on my face without touching one. They would burn and itch and I would scratch them till they would bleed. Then that would leave a mark. Scratching caused the pimples to spread. They disfigured me while they lasted.

"I underwent two treatments and used different soaps and ointments but they did no good. Then last of all I used Cuticura Soap and Ointment. I used the Soap every morning and evening and the Ointment every evening just before I went to bed. To-day my face is as clear as anybody's." (Signed) Miss Myrtle Orth, June 7, 1914.

Keep your skin clear, scalp clean and free from dandruff, and hair live and glossy by using Cuticura Soap and Ointment.

Sample Each Free by Mail

With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

Says No One Need Remain Thin Now

Physician's Advice for Thin Undeveloped Men and Women.

Thousands of people suffer from excessive thinness, weak nerves and feeble stomachs who, having tried advertised flesh-makers, food-fads, physical culture stunts and rub-on creams, resign themselves to lifelong skinniness and think nothing will make them fat. Yet their case is not hopeless. A recently discovered regenerative force makes fat grow after years of thinness, and is also unequalled for repairing the waste of sickness or faulty digestion and for strengthening the nerves. This remarkable discovery is called Sargol. Six strength-giving, fat-producing elements of acknowledged merit have been combined in this peerless preparation, which is endorsed by eminent physicians and used by prominent people everywhere. It is absolutely harmless, inexpensive and efficient.

A month's systematic use of Sargol should produce flesh and strength by correcting faults of digestion and by supplying highly concentrated fats to the blood. Increased nourishment is obtained from the food eaten, and the additional fats that thin people need are provided. All leading druggists supply Sargol and say there is a large demand for it.

While this new preparation has given splendid results as a nerve-tonic and vitalizer, it should not be used by nervous people unless they wish to gain at least ten pounds of flesh.

Governors Exchange Notes.

Columbus, August 11.—Because a Cleveland wife claims that her husband is married to another woman, the governor of Ohio and the governor of New York are exchanging notes. The executive of Ohio wants the executive of the Empire state to see to it that the errant husband is duly returned to Cleveland to face the embarrassing charges that have been filed against him. Just now the husband is sojourning in New York city. According to the complaining wife his name is Louis Bloomburg. She says that she married him on July 23 of this year but not long afterward found in his possession the photograph of another woman. Tracing the photograph, the aggrieved wife declares that she found its original only to be told that she too was married to the man. Hence the willingness of the state to bring back the husband.

INTERESTING PARAGRAPHS.

Alliance—The Alliance schools will open for work for the next year on Monday, September 13.

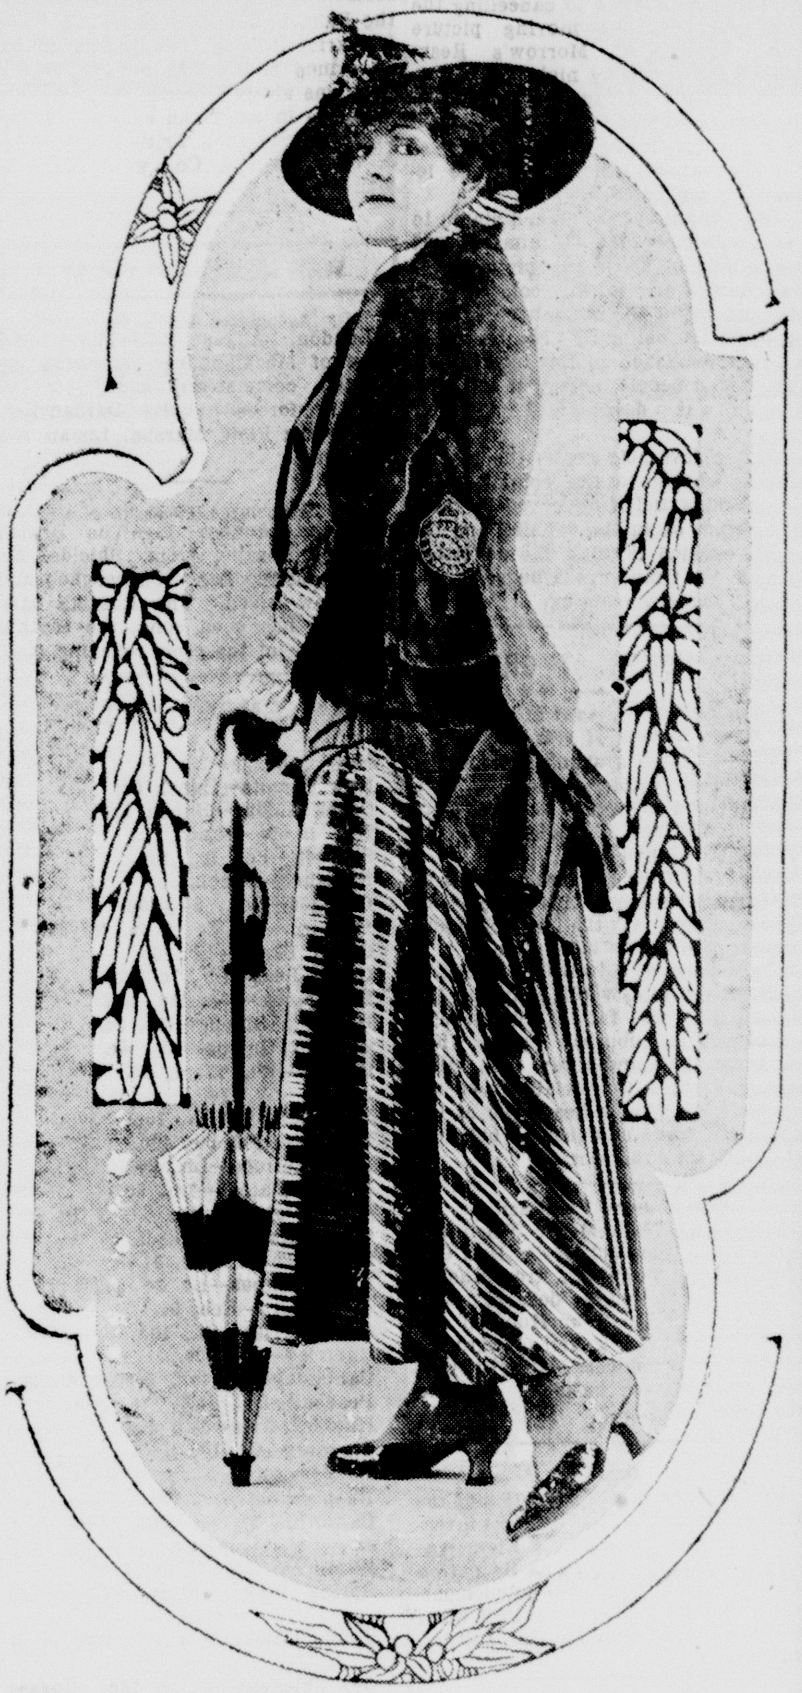
Warren—James W. Marx, aged 36, well-to-do farmer residing at Chardon, was instantly killed while at work on his farm when he was buried beneath a large quantity of gravel.

Massillon—Miss Billie Clark, of this city, has been voted one of the six most beautiful girls in Ohio, in a contest just conducted by a Columbus film company.

Akron—Police are seeking Peter Schneider, 36, who stabbed and dangerously wounded Philip Miklos, 34, in a fight over a game of ten pins east of Akron. Miklos was stabbed five times in the back and his condition is serious.

Persons who want anything know that The News is the Want Medium in this territory. So read it.

Jaunty Silk Suit Combines Plain Blue and Stripe



LATE SUMMER CREATION.

DRESSY suit of combined navy and blue and white striped pussy willow taffeta. The coat, a jaunty affair, is semifitted above the waist line, whence it flares in ripples over the hips. A circular skirt of striped silk is attached to a deep hip yoke of the plain silk, a large bow being placed at the back.

NATIONAL FORESTS TAKE IN $2,500,000

Washington, August 11.—The National forests turned into the U. S. treasury during the fiscal year ended June 30, 1915, nearly $2,500,000, an increase of more than $40,000 over the receipts of the previous year, according to a statement just issued by the Forest service. The timber sales, which amounted to $1,164,000, yielded on account of the depressed condition of the lumber industry about $79,000 less than those of the previous fiscal year, but he gain was made possible by larger revenues from other sources. The grazing receipts, which totaled $1,125,000, increased $127,000 over last year, and the water power receipts, which amounted to not quite $90,000, showed an increase of nearly $42,000.

The demoralization of the turpentine industry on account of the war's curtailment of the naval stores market caused the receipts from the sale of turpentining privileges on the national forests to drop to about $9,000, as against nearly $15,000 last year. The sale of special use permits, under which all sorts of enterprises, from apiaries to whaling stations, are operated on the forests, yielded nearly $78,000, an increase of $9,00 over last year. There was a decrease of nearly $37,000 in the revenue derived by the settlement of trespass cases in which government timber had been cut without intent to defraud, the revenue from this source being only a little more than $3,000. More than $7,000 however, was collected from other timeber trespass cases. Grazing trespass cases yielded nearly $6,000, an increase of about $1,000; occupancy trespass cases, which occurred in only one of the seven forest districts, turned in something less than $250; tbout $60 was derived from turpentine trespass cases, and $660 from fire trespass cases, the latter being more than $7,000 less than the amount collected in the previous fisctl year for damage to government property through fires carelessly or wilfully started in or near National Forests.

TYPHOID HITS MINERS IN SOUTHEASTERN OHIO

Columbus, August 11.—Typhoid fever has broken out among the idle and impoverished miners of the Hocking district, according to reports brought to Columbus by Lieut. L. W. Scofield and Capt. H. S. Dyer, national guardmen, who have been distributing relief.

The officers were unable to estimate the number of cases, but said they were numerous and apparently growing. Improper food and a questionable water and milk supply is given as the probable cause. There are many cases in and near Glouster, the guardsmen said.

J. M. Roan, head of the state mining department conferred with federation of labor representatives Wednesday night with a view to giving greater relief.

E. P. Merrill, Kentucky coal operator, was in Columbus Tuesday to meet state officials. He said he had a plan to hire 200 miners at $3 a day at the mines of the Pond Creek Co., Kentucky.

Alliance—Because of the new plants being built in the city for the purpose of manufacturing munitions of war, it is likely that the Alliance Gas & Power Co. will be forced to enlarge its plant, investing $57,000 in new buildings and equipment in order to supply additional power for machinery required.

REMARKABLE FEAT OF AERIAL HIGH DIVING

Paris, August 11.—A game of hide and seek among the clouds more than a mile above the earth, in which the German Taube came off successfully, is described by a French flying officer in an interview with the correspondent of a Paris newspaper.

"We were chasing him, two of us," said the French aviator. "It promised to be a fine run. We were seven or eight thousand feet up, and there was a clear sky except for one great white patch of cumulus clouds. Closer and closer to him we came, and the gunner in our leading aeroplane was just getting ready to open fire, when bang! into the clouds went the German. Disappeared utterly. Swallowed up like a pill.

"'All right,' we thought. 'He's got to come out some time.' So we began making great circles around the patch of clouds. We kept on waiting until I began to wonder if the aeroplane hadn't been dissolved inside when suddenly my gunner by my side simply gasped with rage. Out of the cloud below us, falling head downwards, dived the German plane for two thousand feet, straight as a plummet, and then, righting itself, went off at 100 miles an hour for the German lines. He had escaped us fairly, by the most remarkable feat of aerial high-diving I have ever witnessed."

PNEUMONIA.

Three Cases Near Arcade in 1914—Each Cured in Five Days.

Case No. 1—Son of C. D. Burgett, age 7, temperature 104. Dr. V. said nothing could be done—must run its course 9 to 14 days. But parents decided to use Brazilian Balm. It could do no harm anyway. They gave three or four doses an hour, and rubbed it hot on chest and back often. Temperature lower next day—in five days it was normal and boy cured.

Case No. 2—Boy of 4, given up by council of doctors. Parents then told of Brazilian Balm which they got and used faithfully. Boy cured and up in five days.

Case No. 3—Mr. Burgett's little girl of 5. This was a desperate case, but they stuck to Brazilian Balm alone. Cured in five days.

Another case where Brazilian Balm was not used, proved fatal.—Adv.

FOR GOODNESS SAKE

cure your quick consumption in 30 days with Brazilian Balm which kills the germs and heals the lungs. Thousands cured. One-half dozen $1 bottles $5, at druggists or sent. Money refunded if this fails. Write Dr Jackson, Arcade, N. Y., for new plan Half so-called tuberculosis is quick consumption. Cures pneumonia, contagious diseases and typhoid in 3 to 5 days. No failure in 35 years. Save your friends!

READ THE WANT COLUMN.

COLORED PEOPLE OBJECT TO FILM

A committee was appointed by the colored people of Salem to confer with J. F. Kerr, the manager of the Grand Opera house relative to cancelling the engagement of the moving picture "The Mystery of Morrow's Rest" booked for Thursday night.

This picture having been passed by the Ohio Board of Censors, is eligible in any town or city in the state and the showing of which cannot be legally be prevented.

The manager of the Grand stated to the committee that he himself was not willing to show any picture that was derogatory to the colored people, and asked the committee to telegraph to the editor of "The Gagette," a paper published in the interests of the colored people, asking if this production was detrimental to their race.

With a favorable reply, the picture will be shown to the committee in the morning and if approved by them will be put on in the evening and the public notified through the advertisement of the Grand opera house in this paper Thursday evening.

BIRD HOUSE AT GRAVE.

Chicago Woman Places It at Husband's Tomb Instead of Headstone.

Chicago.—Near a shady nook in the Lake Forest cemetery, beside a large oak, stands a fountain. In the waters that tumble from its mouth a family of wrens play and sing.

Suspended from the lower branch of the oak is a handsome bird house where the wrens live. On the bird house and the fountain is this inscription:

"In Memory of Edward L. Hasler."

Beside the font is the grave of Mr. Hasler, who was fatally hurt several weeks ago in Suburban Lanes, when his horse shied and threw him. Mrs. Hasler decided to deviate from the custom of placing a headstone at her husband's grave and instead built the bird house and the font.

Dies Praying For Dead.

New York.—While Meyer Walerstein, seventy-five years old, of 336 East One Hundred and Twentieth street was offering a prayer for the dead in a synagogue at 337 East One Hundred and Twenty-first street he fell forward unconscious. Worshipers called Dr. Gordon from Harlem hospital. He said Walerstein was dead.

Knitting.

Knitting is a Scotch invention of the fifteenth century. Soon after its invention a guild of stocking knitters was formed, with St. Fiacre as its patron saint. Hand knitting was supplemented by machinery as early as 1589, when William Lee invented the knitting frame.

Times Change.

"What is the principal difference between modern and ancient times?"

"One of the main points was that the modern earn their living, while the ancient urned their dead."

Specifications Furnished.

"What does our party stand for?" asked the machine senator.

"You, for one thing," replied a raucous voice from the rear of the hall.—Philadelphia Record.

A Gentle Request.

Jessie—Please, auntie, the new lady next door says, her compliments, and will you play very low, because her husband is extremely musical.—Sydney Bulletin.

Cynical.

Payton—A bachelor is a man who has been crossed in love. Parker—Yes, and a married man has been double crossed.—Life.

his success will vie with Mayor G. W. Ballantine, renominated on the Democratic ticket without opposition at the November election.

Contests Lacking.

East Palestine, August 11.—With no party contests, the primary election here were tame, the vote small and the count rapid. Charles Laber, Republican, present mayor, and W. J. Foley, Democrat, one-time mayor, will contest for the office at the election in November.

Vodrey Republican Nominee.

East Liverpool, August 11.—In one of the most exciting, spectacular and closely contested primary elections ever held in East Liverpool, J. Norman Vodrey was chosen as the Republican nominee in a field of six candidates. His majority over his next opponent, Joseph S. Wilson, was only 15 votes while Henry Schell, the third man in the race, was just 148 votes behind the winner. The other three candidates were left far in the rear.

T. V. Milligan, R. G. Thompson and James Kennedy, candidates for city treasurer, city solicitor and city auditor, respectively, were successful in their campaigns yesterday, all after close contests. Wiltse F. Orr, on the Democratic ticket, won over William A. Watson and James Gilgallon for the Democratic nomination for mayor.

The Republican vote was one of the largest registered at the primary, 2,621 G. O. P. electors casting their ballots.

FORTY AUTOS IN TOUR

(Continued from First Page.)

which they had received through the activities of the Salem and Winona Cow Test associations. On every hand the visitors were impressed with the importance of cow test work and its great value to dairymen of this vicinity.

At noon the touring party made a halt at Camp's school house grove where a basket dinner was enjoyed and several interesting addresses were made by Willis Whinnery, S. N. Van Blaricom, Dillwyn Stratton and Dr. C. I. Chamberlain, one of the contributing editors of the National Stockman and Farmer.

At the noon halt D. W. Galehouse, Mahoning county agriculturist, passed out cards for the touring dairymen to sign, the purpose being to find out if they favored the organization of a cow test association for Mahoning county.

Although the result of the ballot was not announced, it was evident that the majority of the farmers were in favor of the organization and it is expected that one similar to the local association will be organized in Mahoning county within a short time.

Among the distinguished guests present on the tour, which ended at the E. H. Campbell farm at 5:30 p. m., was Professor C. C. Hayden of the agricultural experiment station at Wooster.

Good time was made, throughout the entire trip and besides the various herds of dairy cows, alfalfa, corn and various other crops were inspected.

Mrs. P. L. Grove, of Garfield avenue, left Wednesday morning for Cleveland and Buffalo, N. Y., to spend several days on business.

SPLENDID LECTURES

(Continued from First Page.)

vices as the wireless telegraph, the telephone, the telewriter; dwelling upon the wonders of liquid air, many other wonderful applications of electricity, mechanical genius, etc., and at the close strongly emphasized the difference between the modern home and that of fifty years ago in furnishings, comforts, advantages, wealth.

Automatic processes, the utilization of various waste products, these and many other things were considered in erudite fashion by the speaker, who has traveled, read and observed much and speaks most entertainingly of what he has thus learned. Anent the modern home he ridiculed the trite saying tat the poor are growing poorer and the rich are growing richer and declared that on the contrary the poor are growing richer much faster than the rich are growing richer. But the trouble now is he declared, that we have attained the fatal facility and ability to spend our money before we get it. "We all earn enough, but don't know how to keep it. You should thank God that you are living in America where peace and prosperity abounds."

In his evening address Mr. King declared that the current belief that all position of worth in the world are attained through pull, family, luck, money or genius, and declared that instead, brains, trained brains, are the one requisite to success when coupled with everlasting hard work.

Money is an absolute necessity, not an evil, he believes, but to do good it must be rigidly applied. He plead for a college education for all young men who can possibly attain it, and correspondence school training who cannot otherwise "temper their brains, put and edge on their intellect," and so achieve real, not second-rate success. The world, he declares, will pay 100 cents on the dollar for what every man is worth, and he ventured the opinion also that a great many of the people of the world are now overpaid! "Stick to it, do your best, look on the bright side, be satisfied with what you receive until you can get more, make character and life above money, and so achieve real happiness and success."

A genuine treat was the illustrated lecture of Dr. Cole, revealing as it did in word and picture the wonderful relics of the mound builders and cliff dwellers and of the southwestern part of our country. More wonderful, probably, than any of his hearers realized before, are the buildings, excavations, pottery and other relics which this mysterious race, dwelling here thousands of years ago have left behind them in lieu of written records of their lives and thoughts and deeds, and none, perhaps, are better able to depict the scene and tell the stories of the real aborigines of America.

Dwelling here thousands of years ago have left behind them in lieu of written record of their lives and thoughts and deeds, and none, perhaps, are better able to depict the scene and tell the stories of the real aborigines of America.

FRESH FROM FLORIDA

Baldwin, Fla., April 20, 1915.
B. F. Jackson & Co., Arcade, N. Y.

I am writing you hoping you can grant the favor I ask. I was down farther south in Florida, at Emporia, visiting a sister, and there I found your Brazilian Balm, and I want to tell you what I think of it. Our nine-months-old baby was taken very sick, and nothing we did helped her. The doctor sail it was inflammation of the bowels, but we could not see much change; and I was advised to try your Balm. I got a 25c bottle of your agent there and oh it did the work. My baby got better in a few days. Another thing I must say. Our little girl, eight years old, had a very badly burned foot, and her stocking had poisoned it and your Balm healed it right up. We are away back here in Baldwin now and have only a few drops of that 25c bottle left, which I am saving for earache. I need more and want to be your agent. I think I could sell a lot in this county. Hoping to hear from you at once, I am, sincerely yours, Mrs. G. A. Ellison.

A DIFFERENT BABY

I had never heard of Brazilian Balm until a few days ago, when my baby had Bronchial Pneumonia. The doctors did not help and she seemed at a standstill, when a relative brought me a little to try. In less than four doses she was a different baby. Brazilian Balm is a wonder, and I can never praise it enough. Please send me a $1.00 bottle soon as possible. Mrs. Norman Blackhall, Blasdell, N. Y., April 19.

Berlin is the home of nearly one-third of Germany's more than 500 music schools.

BRITONS DEAD BY BOMBS IN NIGHT ATTACK

London, August 11.—Taking advantage of a thick fog, a squadron of five German Zeppelins, believed to be of the newest type, shelled parts of the eastern coast of England Monday night and early Tuesday, leaving 14 dead and 14 wounded in their wake.

The London official statement, describing the raid, declares incendiary bombs started several fires which were quickly extinguished, and adds one of the dirigibles was damaged by British aeroplanes and towed into Ostend.

The killed include one man, nine women and four children; the wounded, five men, seven women and two children.

Flight Sub-Lieutenant R. Lord, one of the pilots sent up to fight the Germans, was killed while landing in the dark.

The Zeppelins first were seen Tuesday morning off Vlioland, near the entrance to the Zuyder Zee. They were headed northwest toward the Scottish coast.

NAMES SCORE OF MEN TO REPRESENT STATE

Columbus, August 11.—Governor Willis has named a score of men to represent Ohio at the American mining congress to be held in San Francisco September 20-22. In the list are some of the most prominent miners and operators. But the fact that there is no provision for the payment of the expenses of the delegates is likely to result in a very small attendance from this state. Few people, it is thought, will be willing to incur the heavy expenses of a trip for the honors involved.

Canton—Governor Willis has promised the Labor day committee of the Central Labor union that he will come to Canton on Labor day and speak on the program to be given at Meyer's lake.

SPORTING NEWS

Lisbon, August 11.—The Lisbon Masonic baseball will play its fifth game of ball with the Wellsville team at Wellsville Wednesday afternoon. The game will start at 3:30 and it is expected that a number of rooters will accompany the Lisbon team, which has won two out of the four games played.

• • •

Many Handicap Entrees.

Philadelphia, Pa., August 10.—At closing time for grand American trap shooting handicap entries, Secretary Shaner, of the Interstate association, announced from Pittsburg that 765 amateur trapshooters had entered, entries bearing the postmark of August 7 being accepted. He also announced that penalty entries would be accepted up to August 17 at the grounds in Chicago, upon payment of $5 additional.

The probable total will exceed 850. Last year at the meet in Dayton, O., all previous records for entries were broken with 515 entries, 47 of them being penalty.

The grand American handicap will be held in Chicago from August 16 to 20, inclusive.

• • •

Greatest Woman Tennis Player.

May Sutton, the greatest woman tennis player, is back in the game again and is reported to be playing in her old marvelous form. She's now Mrs. Thomas C. Bundy, wife of one of the Pacific Coast tennis stars.

In a recent tourney May Sutton Bundy allowed Miss Mary Browne, three-time national champion, only three games in an entire match. She has come out of retirement to try to wrest the national title away from Miss Molla Bjurstedt, of Norway.

Get Rid of Scrofula How? Take S.S.S.

Fifty Years' Use Proves S. S. S. Will Relieve Stubborn Cases

You have noticed the little festering pimples on the face and body—swelling of the glands—soreness in the legs and arm muscles. These are the symptoms of Scrofula. You may have some of these symptoms, possibly the taint of Scrofula infection. But in either case, it is a dangerous condition. Your blood is infected, impure, and you can never hope to gain perfect health until the impurities are washed from the system. If you feel badly all the time, you must crave health. If you want to feel renewed spirits, the glow of perfect health, bright eyes, clear skin, the knowledge that you are well, you can do so. Cleanse your blood by taking S. S. S. For fifty years it has been the standard blood purifier. It relieves the trouble by renourishing the blood, renewing its strength, and stimulating the flow so that the blood regains its lost vitality, and throws off the poison. Even long-standing cases respond. But you must use S. S. S. Take it for all blood infections. Get it at your druggist's today.

If you need special advice, write the S. S. S. Co., Atlanta, Ga.

BUT FOUR CHANGES IN FOOTBALL RULES FOR COMING SEASON

Football rules for the season of 1915 have ben changed but slightly from what they were last year. The advice of some of the most prominent football players was asked by the committee in charge of changing the rules, and they all agreed that football was now modified so that it was satisfactory to both players and spectators. There are only about four of the changes of the rules that need special mention.

There will be no need of a punter on a team now, as the new rule preventing the forward pass out of bounds on the fourth down is a good one, and if a team uses the forward pass all of the time the advantage will be the same.

Another change in the rules is that for any unsportsmanlike conduct on the field, the team on which side the offense occurs will be penalized, instead of the player being taken out, as was formerly the rule.

Any player hitting the secondary defense after the whistle has been blown will be penalized. The only difficulty about this rule is that there will be many questions before the officials as to whether the player had hit the secondary defense before or after the whistle had blown.

The players will all be numbered this year, which will benefit both officials and spectators. The officials will be better able to place a penalty, since they can identify the players easier.

• • •

Bowl for Trophy.

Toronto, Ont., August 11.—The 23rd annual competition of the Dominion Lawn Bowling association for the Hiram Walker trophy began Monday afternoon. Many lawn bowling clubs in the Dominion have entered teams, and the trophy will go to the club whose members shall win it the greatest number of times in ten years. The lawn bowling game retains all its old time interest, and this year an unusual number of entries have been made.

• • •

Spirited Matches.

Parkersburg, W. Va., August 11.—Spirited matches are marking the early events of the ninth annual state tennis tournament which started yesterday afternoon at the Parkersburg Country Club courts. Forty players are entered. R. O. Johnson of this city, who holds the state championship cup, wil defend his title.

• • •

EVERS SAYS GOODBY TO BASEBALL WORLD

St. Louis, August 11.—"I shall quit the baseball world at the close of the Boston-St. Louis series," were the words of Johnny Evers, the star of the world's champions, a few days ago. The series ended Tuesday, and with it he passing of one of the greatest professional ball players that ever wore a big league suit.

• • •

Metcalf Columbia Coach.

Nelson Metcalf, for three years tackle on the Oberlin varsity eleven has been selected to coach the Columbia university football team.

Ban On Flying At State Fair

Columbus, August 10.—The state fair management is going to prevent flying at the fair, at least by women. This decision was reached by the management after much deliberation and in the interests of "safety first." In putting the ban on aerial stunts the state fair people were forced to turn down the requests of at least three daring women aeronauts who wanted to sign contracts to make the fair visitors hold their breath. The management held that if it became a party to such daring by employing the services of the female dare-devils, it also would have to feel responsible should serious accident result.

Owing to unexpected circumstances the management of the famous North Randall (Cleveland) mile track has been enabled to stage for

Monday, Aug. 16, Two Great Races

In one PETER VOLO, 2:03½, world's champion, will meet LEE AXWORTHY, 2:04¼, winner of the sensational race for the M and M this year at Detroit.

In the other, WILLIAM, 2:00, will meet DIRECTUM I, 1:58. These two horses have met four times. Each has won two races. Their meeting at North Randall will be the "Rubber."

No Such Program Was Ever Before Secured For One Track For One Day

There will be no free tickets.

The gate and grand stand fee will be $2.00 for every person regardless of age

The First Race of the Day Will Start at 3 P. M.

FELS-NAPTHA

is more than soap. It's a cake of cleansing energy. The naptha, combined with other cleansers liberated by water, dissolves the grease and dirt. No need of long back-breaking rubbing on the wash-board. Makes washday a half-holiday because you can finish an average wash by noon.

Just as wonderful for all household cleaning.

GERMANS MAY LAUNCH NEXT BIG DRIVE AT RIGA

London, August 11.—The next serious blow of the German forces is expected to fall in the Baltic region. Since the capture of Warsaw the Germans have been busy expending their efforts in strengthening their extending wings.

The naval attempt to gain control of the Gulf of Riga, simultaneously with the pressing eastward of the land forces toward Friedrichsstadt, forty-six miles southeast of Riga, and the only railroad outlet from that port, has convinced military authorities the Germans contemplate early resumption of the campaign in this region. The Russians in force are opposing stubbornly the advance of the Germans in this direction.

On the other hand, the advance of the Germans toward Vilkomir, on the roads leading in the direction of Vilna, in the government of Kovno, has given rise to the belief in some quarters the invaders may attempt to press on to Vilna.

Riga is being bombarded by aeroplanes almost daily. A civil guard of 3,000 men, similar to that organized in Warsaw before its capture is ready to take over police duties should evacuation of the city become necessary.

State of Ohio, City of Toledo. ss.
Lucas County.

Frank J. Cheney makes oath that he is senior portner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December A. D., 1886.

A. W. GLEASON,
Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surface of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.

Sold by all druggists, 75c.

Take Hall's Family Pills for constipation.

Papers Consolidated.

Xenia, August 11.—Announcement was made today of the consolidation of the Xenia Daily Gazette and the Xenia Daily Republican and their incorporation at a capitalization of $70,000 under the name of the Chew Publishing company. A morning and an evening paper will be issued from the present plant of the Gazette.

Warren—The stockholders of the Trumbull Steel company have decided to increase its capital stock from $2,550,000 to $4,000,000, the purpose as anounced officially to provide for extensions.

CHILDREN ASK FOR MORE CASTOR-JELL

Covington's Castor-Jell is Best Castor Oil in Delicious Jelly Form.

The Castor-Oil bottle has always been the bugaboo of children and grown-ups alike. Yet nothing has ever been found to do the work of Castor Oil in the same safe, soothing, cleansing natural way. It is the choice of doctors—and the only remedy for mothers with babes-in-arms.

So, mothers and children alike hail Covington's Castor-Jell with keen delight. For this is real Castor Oil in delicious jelly form—contains 94% Castor Oil. It has a delicious flavor that makes a hit with every member of the family—or your money back. Fed to children on crackers, it is eaten as a real sweet. Placed on the baby's tongue, it is swallowed with the same lip-smacking enjoyment.

And, after it is down, it stays down. No more retching or gagging. No weak stomachs upset. No heart-burn. No after constipation. No irritated bowel tracts. Nothing but a normal cleaning out in Nature's own natural way.

Put a 25c jar in your medicine closet. Then the children won't have to be coaxed or forced to take Castor Oil. They will just love Covington's Castor-Jell. Full directions on package.

Sold only in sanitary glass jars. Family size, 25c. One-pound jar for physicians and hospitals, $1.50. If your druggist is out of it, send 25c in stamps to Castor Products Company, Cleveland, Ohio.

U. S. WARSHIPS GO TO VERA CRUZ

Washington, August 11.—With the battleships Louisiana and New Hampshire on their way from Newport and the United States gunboat Marietta ordered to proceed at once to Vera Cruz, Washington officials are preparing to meet a serious condition in Mexico arising from fresh anti-foreign demonstrations in Vera Cruz.

Vera Cruz, seat of Gen. Carranza's governments, has been the scene of numerous outbreaks threatening the welfare if not the lives of Americans and other foreigners in Mexico.

Following advices from Commander McNamee at Vera Cruz, Secretary of State Lansing held a conference Tuesday with Rear Admiral Benson, acting secretary of the navy, and Leon Canova, chief of the division of Mexican affairs. The ships sailed at 6:30 that evening.

An appeal for help from Vera Cruz recites conditions in the Mexican capital which are described as unendurable.

"The American residents of Mexico appeal to their government and people in behalf of the suffering millions of pacific men, women and children in this country who are victims of hunger and cruelty and violence," the appeal begins.

"There is not even a semblance of government here at the capital, and we are living on a smoldering volcano.

"The entire city council has been imprisoned without cause. We have seen three changes of armed government in thirty days. There is no communication with the world except by special messengers."

Conditions which caused the appeal to be sent are detailed in the communication, numerous instances of outrages on Americans and others being cited.

The efforts of some Americans who are mentioned as trying to convince the world that Mexico is not hungry and Red Cross work is not needed is deplored. The number of deaths from lack of food, said to be from ten to twelve daily, is declared to be increasing.

WANT COLUMNS

HELP WANTED

WANTED—Dining room help. Inquire Mick's restaurant. 186r

WANTED.

MAN WANTED—To buy a 12-passenger auto, in the best condition. For sale at less than $500 if sold at once. Troupe & White Garage, 9 Vine St. Phones 909. 187r

R. C. KRIDLER

Successor to Hanna & Kridler. Both Phones No. 113.

OHIO LICENSE BOARD DECLARES STATE'S SALOONS CLEANER

Columbus, August 11—Claiming the saloon business had been kept the cleanest in the history of the state during the two years it has been under the Greenlund liquor license law and that at no previous time had such rigorous prosecutions been the portion of the unlicensed dealers, the state liquor license commission today filed with Gov. Frank B. Willis its second annual report.

The board raises some questions about conflicting provisions of the new McDermott decentralizer that goes into effect September 3, particularly the identity of the party who may issue legal vouchers, the state or district officials. The law is indefinite on that point, it claims.

It is also claimed there will have to be a very great increase in the number of field inspectors to hold down illegal sales of liquor under the law after the decentralizer goes into effect.

The fiscal report shows the board had on hand August 3, $260,721.41. During the present year the board turned into the state treasury the sum of $750,000.

The total cost of administering the law the past year was $242,799.80 which is an increase over the previous year of $3,286.39.

Inspectors employed by the board have certified Dow tax sums for collection to the state auditor amounting to $67,631.75. Prosecutions were started against eighty-three persons and fifty-seven convictions secured.

Six hundred and thirteen bootleggers were arrested and 435 convicted.

When at Newport

Dine at

HILLTOP INN

WOMAN WOULD NOT GIVE UP

Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

Women Have Been Telling Women

for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

NEW SECRETARY HAS INTERESTING CARERE

Columbus, August 11.—James L. Hampton, the newly selected secretary of the state liquor license commission, has had an interesting career. Back in 1890 he was made secretary of the old state board of equalization. Hardly more than a year later he became assistant state law librarian and served in that capacity for four years. Then he resigned to become the executive clerk to Governor Bushnell. Meantime Mr. Hampton had been graduated from Ohio Northern University at Ada, where Governor Willis later became a teacher, and he had married the daughter of the founder of the university, H. C. Lehr, for years a teacher also, but now retired. Until September 3, when the new license law will become effective, Mr. Hampton will get a salary at the rate of $3,000. But under the new law his salary will be $2400 a year.

Bricktown-Deerfield Reunion.

The annual reunion of former teachers and pupils of the "Bricktown" and "Deerfield" schools, in Smith township, will be held in the Union district school house, three miles north of North Benton, Saturday, August 14. A large number of Salem people attended these schools in early life and make it a practice to attend these reunions.

Youngstown—An increase of nearly four million dollars was made in the tax duplicate of the city of Youngstown by the tax commissioners, who have just completed the tabulation of their returns.

Do Not Gripe

We have a pleasant laxative that will just do what you want it to do.

Rexall Orderlies

We sell thousands of them and we have never seen a better remedy for the bowels. Sold only by us, 10 cents.

PEDERSON'S TALE OF BIG DISASTER

Captain of Eastland Interviewed Right After Horror.

"PANIC DID IT," HE DECLARES

Says Order to "Let the People Off" Scared Them—Admits Steamer Had "Listed Pretty Bad Before"—"Hard to Judge When a Boat Is Going to Capsize."

Chicago.—As the different investigations into the Eastland disaster were continued in Chicago the story of Captain Henry Pederson stood out. Immediately following the disaster Captain Pederson agreed to be interviewed. He was quoted verbatim as follows:

"How much did you list before you gave the order to 'stand by?'" was asked.

"Not much. First she listed to starboard, and she came back, and then she didn't list so very much; then she straightened up all right, and I was going to send out the word to let go the line. She listed over, and I hesitated. I had already given the second mate orders to stand by and let go the stern lines.

"I gave the warning to stand by because she was listing, and she kept on listing. The harbor master was on the deck. He shouted, 'Are you ready, captain?' He wanted to throw the lines out. I didn't start. I thought she was going to straighten up, but she shifted and I shouted, 'Open the inside door and let the people off.' This was to the crew.

"The passengers were panic stricken when I uttered those words, and it was all off. Before that time I didn't think there was any danger at all."

Photo by American Press Association.

CAPTAIN PEDERSON.

Q. Were the tow lines on the tug at the time? A. Yes.

Q. The tow lines were on the tug at the time she listed? A. Yes, sir, she had lines on both ends—two lines forward and two lines aft.

Q. Were the lines taut? A. No.

Q. You had given the signal to go? A. No, sir.

Q. Was the tug holding the lines taut after the Eastland listed? A. No.

Q. It was then that you said, "Open the doors and let the people out!" Is that right? A. Yes.

"About 7:25 o'clock in the morning," the captain continued, "I went down from the bridge and rang up the marine telephone. The Eastland is a twin screw and double engine. I ordered the crew to stand by because we were loaded and ready to go and the crew answered back promptly, 'Stand by.' I gave the order to stand by and to be ready with the engines."

Q. Why did you give that order to be ready at the engines? A. To leave the dock. It was pretty near time to go. We had a tug from down here to tow us out. The harbor master was on the dock and asked me if I was ready. She listed more than I wanted her to—more than I liked—and I hated to shout those words which I did because I knew I would create a panic even if I was wrong.

Q. What was the situation at the time, captain? A. What do you mean?

Q. What I mean is, was the situation dangerous? A. Well, sir, there was no panic of any kind.

Q. At that time the ship listed more? A. Well, she kept listing then.

Q. Why did you think the situation more dangerous at that time than at any other time? A. Well, it is hard to judge as to when a boat is going to capsize.

Q. Had she ever listed before? A. Yes, pretty bad before.

Q. But you were not afraid of her? A. No, sir.

Q. Were you surprised at her listing? A. Yes and no.

Q. What caused her to keep on listing? A. I don't know.

Q. Have you any theory as to why she kept on listing? A. Probably too heavy a weight "listing side."

SUCCESS OF A NEW REMEDY FOR BACKACHE, RHEUMATISM, KIDNEYS

Folks in Salem and adjoining counties are delighted with the results they have obtained by using "An-uric," the newest discovery of Dr. Pierce, who is head of the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, arms and muscles, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Doctor Pierce's An-uric Tablets. To prove that this is a certain uric acid solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "An-uric," cut this out and send 10 cents to Doctor Pierce for a large sample package. This will prove to you that "An-uric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to Bolger & French and ask for a 50-cent box of "An-uric." You run no risk for Dr. Pierce's good name stands behind this wonderful new discovery as it has for the past half century for his "Favorite Prescription" for weak women and "Pleasant Pellets for liver ills.—Adv.

COLLECT BLIND RELIEF AT FIRST OF QUARTER

Columbus, August 11.—Since blind relief pensions are presumed by law to be for the support of the beneficiaries, county commissioners should see to it that they are paid at the beginning instead of at the end of quarterly periods, according to a ruling given by the attorney general to the state bureau of accounting. It has been found that some commissioners have been waiting until the end of quarterly periods before doling out the relief funds.

Named Chief of Staff.

Toledo, August 11.—Col. S. G. Harvey, Toledo, has been named chief of staff of the department of Ohio, G. A. R., by Department Commander Seeley P. Mount, Cleveland. Col. Harvey succeeds the late J. Cory Winans, of Troy, who died several weeks ago.

Columbus—Seven buildings in the heart of Harrisburg, a village 14 miles southwest of here, were destroyed by fire recently. The loss is estimated at over $25,000.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face.

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'sentanel' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Sentanel tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)

Unsightly eruptions, pimples, boils, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowel—and a polluted blood stream as a consequence. How foolish in such cases to resort to outward applications, which can never have natural, permanent results. If more people only knew it, there is a very simple remedy, to be found in any drug store, which is as effective as it is harmless and quick acting. It is an old formula, long recognized by the medical profession, which has been put in tablet form, and at such small cost no one need now be deprived of its wonderful benefits.

"Sentanel tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only get about a dime's worth, and swallow one at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Sentanel tablets are not only the finest remedy known for constipation and torpid liver, but offer the sanest, most sensible treatment for complexion difficulties of the character mentioned.

Great Demand for New Constipation Remedy

They say that the advent of the "sentanel tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who were quick to recognize its advantages over calomel and the usual laxatives.

Sentanel tablets, aside from their efficacy, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the "cathartic habit." Also, instead of injuring the membraneous lining of the organs involved, they exert a healing influence. Instead of weakening, they add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpensiveness is another reason for the popularity of sentanel tablets. One need procure only a dime's worth, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

LOCAL NEWS

Field Day Committee.

A meeting of the committee, which was appointed by the president of the Trades and Labor Assembly to investigate the proposition of holding a Field Day here, has been called for Wednesday evening at 7:30 in the rooms of the Fraternal Mystic Circle.

Will Initiate Candidates.

When members of Salem grange meet at the hall on the Depot road Thursday evening three candidates will be initiated in the third and fourth degrees.

A Giffin Boy.

Mr. and Mrs. James Giffin, of Franklin avenue, are the parents of a son since Tuesday evening.

JOHNSON, CARLILE WIN

(Continued from First Page.)

attested by the vote given him, 142 votes, as compared with but 45 polled by his opponent for the solicitorship, Attorney R. L. Schiller.

The contest for the treasurership was won by the present incumbent, E. S. Walker, Republican, but not without a contest which proved a spirited one and was not decided until the final count gave Walker 360 votes and made him victor over Ralph R. Miller, a new figure in the political arena, who gave the former a tight chase by polling 317 votes.

The present Republican councilmen-at-large, J. B. Schaeffer, C. C. Shaffer and J. H. Dougher, forced to contest the honor with a fourth aspirant, Grant Snyder, came off victorious, polling 402, 403 and 378 votes, respectively, while Snyder received 261.

Two other contests on the Republican ticket were won by E. I. Goldy, who easily vanquished in the battle of the ballots C. A. West and Wilbur Hiddleson in the race for First Ward councilman, and by Frank Filson, who secured a vote of two to one against Ira Sheets in contention for councilmanic honors in the Fourth ward.

It is noteworthy that the general election early in November will be in many respects similar to that of two years ago, for while the heads of the Democratic and Socialist tickets are different, City Auditor Holmes will again defend his title in a tilt with L. V. Schnurrenberger; J. E. Scott and W. S. Emmons will be contenders for the solicitorship; Claud Taylor and F. L. Rollins for the presidency of council.

J. B. Schaeffer, now First ward councilman, will seek with C. C. Shaffer and J. H. Dougher, present incumbents, the office of councilman-at-large in opposition to the Democratic nominees, John Miller, John Frazier and Frank Klopfer; the First ward race will be staged between F. G. Senften and Ed. I. Goldy; the Second between I. K. Morgan and C. A. Troupe, present councilman; the Third, P. J. Dean, present incumbent, and Harry Ball, and the Fourth, Frank Filson and George McArtor, former councilman. The four ward assessors named by the Republicans—D. F. Yengling, Alton Cornell, S. E. Mackintosh and J. R. Oliphant, will be elected without opposition.

The Socialists have a partially completed ticket in the field for the November election, but because of the small vote polled two years ago were not included in the primary. Their candidates will file petitions and thus place their names on the ballots. Republican and Democratic nominees in the two old parties will have to reckon, in addition to Robert Read at the head of the ticket, with E. H. Mellinger for auditor; Eli Hoobler for treasurer; Harry Martin for president of council; George Shuster and Thomas Chernuski for councilmen-at-large, and Matthew Alcaso, Philip Eckart, Albert Kellert and J. E. Groves for ward councilmen.

CARD OF THANKS.

We sincerely desire to thank our friends and neighbors for their kindness and sympathy extended us, and Mrs. L. C. Hawkins' Sunday school class, the Franklin club and neighbors and friends for the beautiful floral offerings, in our late bereavement, the death of our husband and father.

SMALL BEGINNINGS SHOW BIG RESULTS.

Many great enterprises begin in a small way. Many a successful advertiser has begun by using classified advertisements in a modest way. These brought good returns, which enabled the business to be developed and eventually larger advertisements were profitably used. Intelligent use of the little ads in The Salem News either by advertiser or reader will prove profitable

DEATHS

J. R. Sweney.

A 12-day illness which began with a severe cold and quickly resulted in acute Bright's disease caused the death at 3 o'clock Tuesday afternoon of J. R. Sweney, aged 47, better known as Ross Sweney, at the home two miles southwest of the city on the Newgarden road.

Deceased was born February 10, 1868, at Allegheny, Pa., and when but a few months old came to this city with his parents. He was reared here and in his youth learned the stovemounter's trade, in te plant of Carey and Boyle. Later he worked as foreman and shipping clerk with the Woodruff Stove company and for some years past had been with the Victor Stove company as shipping clerk.

He was united in marriage in 1891 to Miss Jessie Lynch, of this city, who now survives with two children at home, Clyde and Clare; three brothers, C. E., Harry and Oscar E. Sweney, of this city; and two sisters, Mrs. John Foust and Mrs. Anna Liber, of Struthers.

Deceased purchased a few years ago a farm on the Georgetown road and had since that time made his home there, although employed in the city. He was a member of Willow Grove grange and well and favorably known in Salem and vicinity.

Funeral service will be held at the late home at 2 o'clock Friday afternoon, followed by interment in Hope cemetery where the casket will be opened.

Mrs. Harry Garrett.

Columbiana, August 11.—After an illness of less than a week from acute indigestion, Mrs. Harry Garrett died at her home here Wednesday morning. She was about 42 years of age, and was born and reared in Beaver Falls, Pa. For some time she had made her home in Columbiana. The husband an dtwo sisters survive.

PLAN DEVELOPMENT OF GERMAN SOUTHWEST AFRICA

Capetown, August 11.—Plans for the development of German Southwest Africa as a part of the Union of South Africa are going forward rapidly. The government announced a few days ago that it soon would unfold a scheme for sending large numbers of colonists from various parts of South Africa into the conquered territory, which contains 322,000 square miles and is more than six times the size of England. In area it equals the size of the Cape and Natal provinces combined.

Walfish Bay, one of the finest harbors in the world, in the opinion of the shipping men here, is destined to become a greater port than Durban. It will be developed with a view to making it the port and health resort for Johannesburg. It already is possible to enter a train at Johannesburg and embark at Walfish Bay for Europe. This is due to the linking up of the railway from the Cape Northwest with the German lines.

Dr. William Macdonald, editor of the Agricultural Journal, published in Johannesburg, recently has made a trip through Southwest Africa for the purpose of studying its agricultural possibilities. He says:

"The country is made up of three agricultural zones, southern, central and northern. In the first the rainfall averages seven inches. There is a great variety of soil, but much of it is of a brackish, alkaline nature. There are nevertheless numerous fodder and salt bushes which stock feed upon. In the Kalahari region the sweet teamma melon is found.

"In the second zone the rainfall averages 15 inches, and the country is similar to the bush and veldt lands of the Transvaal, being well supplied with rich sweet grass and valuable native bushes. The most elevated parts are excellent alike for cattle, sheep and horses.

"The third zone has about 20 to 27 inches of rainfall. The eastern portion consists of flat, loamy plains well suited for agricultural operations, while in the east there are good rains and much grass, the region being suited for semi-tropical culture."

Use CLIMALENE in the laundry.

TWO SENSATIONAL RACES.

Cleveland Arranges for Events That Will be the Thrillers of the Season.

Trotting horse fanciers all over the United States have been hoping that Peter Volo 2:03½, world's champion and Lee Axworthy 2:04¾, winner of the historic M. & M. at Detroit this year would be matched for a finish race. Their hope has been gratified for the Cleveland association which owns the famous North Randall mile track has arranged a race for the two great rivals and it will take place Monday, August 16.

On the same day William 2:00 and Directum I 1:58 will meet in their fifth, and great "rubber" race. These two great pacers have met in four races and each has won not only the same number of races but the same number of heats. The meeting at North Randall track ought to come close to deciding whether the Indiana whirlwind or the New York cyclone is the better horse.

Never before in the history of harness racing have two such promising races been on the program for one day. The North Randall people tried to get this same program for a day last fall but were unable to do it. Now they have been successful and the lover of the trotter and pacer who is not at Cleveland Monday, August 16 to see the fur fly will certainly have a hospital or death alibi, for nothing short of that will keep him at home.
